

# TRISM

We are fast casual eatery, bar, and event space redefined. By day, we serve scratch-made food and drink layered with globally-inspired colors and flavors. By night, we offer curated events, craft cocktails, and innovative entertainment. Shaped by an environment that changes minute-by-minute by the people in it, the TRISM experience transcends beyond food and drink. We strive for the sweet harmony of nutritious food, engaging entertainment, purpose driven community events and a healthy, vibrant social life.
